## KREMC Building and Crews Sport A New Look

KREMC linemen and service technicians began sporting a new look on April 24<sup>th</sup> when they started wearing new uniforms provided by Wildman Uniform & Linen of Warsaw.

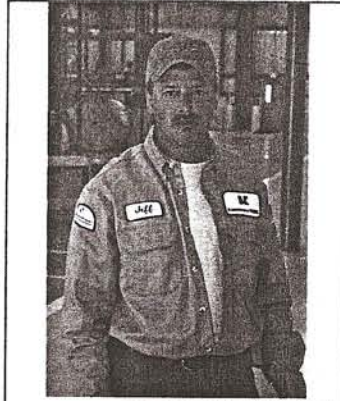

With khaki shirts and green pants, the new apparel will give the entire line and service crews a uniform look for the first time in many months. The crews also received new coordinated ball caps to wear with their uniforms from the Marketing & Communications Department.

Wildman is also taking over rug service for the co-op, and a new logo-embazoned rug greets visitors at the main entrance of KREMC.

"The new rugs coordinate

better with our lobby flooring, and the logo greeting customers at the door is a nice touch," said Manager of Marketing & Communications Doris Lemert. "It really brightens up the entry."

"We're happy to begin a new era of uniform and rug service with Wildman," said Kurt Carver, Operations Supervisor. "These are the uniforms that the guys selected, and we hope that they enjoy wearing new, well-maintained uniforms. We hope our members will appreciate the new professional look,

Jeff Moore wears his new uniform from Wildman Uniform & Supply (top). A new rug with the KREMC logo greets lobby visitors.

### April/May Events & Celebrations

**Birthdays**
