To Whom It May Concern:

Wildman Uniform has been our uniform supplier for the past 6 years. We are very pleased with their service. Wildman did an excellent job for us when we had to change our name and logo on floor mats and uniform emblems in a very short period of time.

We also purchase our First Aid Supplies, Safety Supplies, and Janitorial Supplies thru them, they do a great job having items in stock and delivered in a timely manner.

All of Wildman Uniform and Wildman First Aid personnel are very nice to work with and are willing to do what ever they can to help you.
